HERE'S HOW WE INCREASED WEBSITE TRAFFIC BY 400% IN 8 MONTHS.

Client Overview

AMK Global is a Canada- and UK-based immigration and recruitment company that helps professionals build their dream careers abroad. From guiding students to study at top universities to assisting individuals in settling or launching a business overseas, we provide end-to-end support.

We also partner with employers worldwide to source top-tier talent through our expert recruitment services, ensuring the perfect match between opportunity and skill. With AMK Global, starting a new life or growing your team is simpler than ever.

Objectives

- Attract organic traffic to landing pages and boost lead generation.
- Enhance overall website traffic and strengthen domain authority.
- Optimize core website elements like speed, mobile responsiveness, and user experience.
- Develop a comprehensive resource hub tailored to customer interests and needs.

Solutions

- Conducted detailed keyword research and mapped primary, secondary, and long-tail keywords.
- Created service-based landing pages aligned with the keyword strategy.
- Built secondary landing pages focused on key locations and related services.
- Published ~20 blogs/month using a pillar-cluster model to support main and secondary pages.

Results

- Achieved a 290% increase in total website traffic within 7 months.
- Boosted impression share by 375% during the same period.
- Drove over 84.5K total website visits in just 7 months.
